Birch Mountain Receives Aggregate Orders for early Q2 Shipments

CALGARY, April 14, 2008 – **Birch Mountain Resources Ltd.** ("**Birch Mountain**", or the "**Company**") (**BMD**: TSX and AMEX) has orders for over one million dollars of limestone aggregate products for delivery at the start of the Q2 construction season. Shipments are under way and these orders are expected to be completed during April and May.

Joel Jarding, President and Chief Operating Officer, says, "We are pleased to have orders for our products early in the construction season. I believe our increased focus on customer sales, including the recent organizational changes creating the Business Development and Marketing teams have significantly contributed to these early wins. The snow is beginning to melt and with spring break-up just around the corner, the field construction season will begin to open up."

Birch Mountain continues to focus on 2008 priorities: (i) to increase sales and enhance customer relations, (ii) to contain costs and operate the quarry efficiently, and (iii) to achieve regulatory approval for the Hammerstone Project.
